

# Explorer™ 420x

## Whitewater Camp Boat/ Open Water Cargo Kayak

Tough as crocodile hide is what we say about the material used on the Explorer™ kayak and we mean it.

Super rugged and a truly excellent whitewater vessel, this is also a remarkably good open water kayak — the 420x does it all! Best of all, because of the horizontal seam system, the quadruple overlap seams and the super efficient computer controlled cutting system, this large and roomy kayak is lighter in weight without sacrificing, performance, strength or durability.

Truly a great all around kayak, especially suited to families who want both adventure in whitewater and the pristine pleasure of paddling across remote wilderness lakes.

This is your passport to the waterways of the world.
