

# RazorLite™ 473rl

## Our Super Fast, Super Light, Super Portable Travel Kayak for 2!

The Sea Eagle RazorLite™ 473rl is our larger all Drop-Stitch kayak. It is designed to hold 2 people and gear.

In spite of its larger size this kayak can still be paddled by one person and achieve paddling speeds of up to 6 mph.

Because of its longer length, this kayak is the perfect travel kayak for week long trips to wilderness lakes, far away bays or island hideaways. The Sea Eagle RazorLite 473rl takes only 8 minutes to inflate and it still fits in its own backpack carry bag with the seats, the paddles and pump. Carry it in your car trunk and be ready to explore any body of water that you pass. You can even check this tandem kayak in as luggage.

**Now with Adjustable Footrests**

### Standard Features

- NMMA Certified
- Unique Patented (U.S. Patent #9,452,809) all Drop-Stitch construction with rigid bow and stern molds for faster paddling
- 4 Adjustable Footrests for super easy adjustments and great foot support when paddling
